Profile

I am a UI/UX Designer with 10+ years of experience crafting intuitive, user-centered web and mobile interfaces. I'm passionate about turning complex ideas into seamless, delightful digital experiences.

Work Experience

Aug 2022 - Present
RomSoft

UI/UX Designer

My role involved conducting UX research, creating wireframes, prototypes, and visual designs for the Office Timeline project, maintaining and improving the design system, and collaborating closely with developers and stakeholders.

Jul 2019 - Aug 2022
CGM Software

UI/UX Designer

I designed and enhanced user interfaces for Clickdoc, a healthcare software product, conducting UX research to ensure user needs were met. My role included creating wireframes, interactive prototypes, and high-fidelity designs in Figma. I collaborated with cross-functional teams to deliver user-friendly solutions while maintaining design system consistency.

Aug 2018 - Jul 2019
Ness Digital Engineering

UI/UX Designer

I contributed to the UX and UI design of Benenden Health's online platform, which offers a range of healthcare services. My role involved creating wireframes, prototyping and refining the user interface to ensure accessibility and ease of use for all users.

Sep 2016 - Aug 2018

Centric IT Solutions

UI/UX Designer

I designed a parking desktop application system for the municipality of Utrecht from scratch, focusing on user experience, functionality, and seamless design integration with backend systems. Conducted user research and testing to optimize the app's usability.

May 2016 - Sep 2016

Enwebo

Web Designer

At Enwebo, I designed modern, user-friendly presentation websites.

Jun 2015 - May 2016

Netbee.co

Web Designer

At Netbee, I focused on creating WordPress themes ensuring a seamless user experience and modern design.
